- **For newly confirmed employees:** If an employee is confirmed during the Year/Quarter (**e.g., in February 2026**), they will receive a PL (Privilege Leave) balance for the remaining period, starting from the subsequent month (**e.g., for March 2026**), calculated on a **pro-rata basis**
- An employee can avail of a maximum of **5 PL days** per month. If this limit is exceeded, the leave will be counted as Unpaid Leave, even if the employee has a leave balance of any nature.

- **Exceptions:** If there is medical emergency, or any other emergency, the employee may avail of their PL leave balance, provided it has been approved by the management and valid proof of the situation has been submitted. **Extension:** Extensions will not be granted except in cases of emergencies. If an employee, after proceeding on leave, desires an extension, they must apply in writing to the company. Any extended days (**More than 5**) will be considered Unpaid Leave.
- An employee will be entitled to take PL after the manager's and HR's approval.

LWP can only be sanctioned after all other forms of leave have been exhausted. Weekends and holidays falling within the LWP period will be counted as part of the leave. For example, if an employee is on LWP from **January 20 to January 28, the holiday on January 26 will also be considered as part of the LWP period**. Proper documentation will be required, and verification will be conducted before approval is granted. LWP will be considered and approved only after successful document submission and validation.
